

**Matariki Conference on Research and the Humanities
September 9 - 10, 2013
Itinerary**

Co-hosted by:

The Leslie Center for the Humanities
Colleen Glenney Boggs, Director
<http://www.dartmouth.edu/~lhc/>

The Dartmouth College Library
Jeffrey Horrell, Dean of Libraries
<http://library.dartmouth.edu/>

This conference aims to bring colleagues from the seven Matariki institutions in dialogue with one another about the current state of humanities-oriented research. The gathering has two main purposes: one, to exchange ideas about current practices and best practices at our respective institutions, and two, an outcome-oriented look towards areas of resource sharing and collaboration. There will be three work-groups, one for Humanities scholars, one for the network's heads of libraries, and one for the library benchmarking project participants. The two latter groups have not met previously, but are engaged via electronic means in ongoing collaborations; the first group will be inaugurated by this meeting.
